Mr. Walter

Mr. Walter is a tribute to the original file pedestal that Bulo began with in 1963. Made of wood, Mr. Walter is a contemporary storage collection that is both functional in the office environment as well as aesthetically warm in the home. Various accessories are available for organization and cushion tops can be added to create an extra seat for collaboration at the desk.

The carcass is made out of powdercoated mdf panels in mitre joint. The top panel is recessed offering a multifunctional use for office supplies, a cup of coffee, magazines or a cushion, allowing the pedestal to function as an additional seating element. The top panel can be finished in various melamine or veneer finishes to match with the colour and/or material of the table.

The upper drawer of the pedestals always has a red inside drawer.

The box file drawer can be used for hanging files, but also for binders or for personal items such as a handbag. The pedestal can be equipped with a central locking mechanism. The lock always has a red rose on the front.

Compared to a metal pedestal, the Mr. Walter pedestal - carcass and fronts in wood - has a remarkably smaller ecological footprint. The production of powdercoated mdf ($\pm 60\%$ of the total material) absorbs more CO₂ than is emitted. The production of a Mr. Walter pedestal produces at least 50% less CO₂ emission than the production of a metal pedestal.

Pedestals

Small, w.324 x d.600 x h.532/583 mm / w 13" x d 24" x h 21"/23"

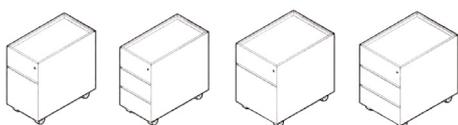

1 drawer + 1 A4 box file drawer
