Normal

by Jean Nouvel

Normal

by Jean Nouvel

Normal is Jean Nouvel's contemporary rendition of the classic executive office furniture of the past. The proportions are bold and architectural and the forms are clean and pure.

TECHNICAL INFORMATION

DESK

A desk consists out of 3 elements: a top supported by a pedestal on one side and by a credenza on the other side. Which one on the left and which one on the right can be chosen before production. The top is connected to both volumes by means of 2 star-shaped elements. The credenza is turned 90° and has 2 lateral doors. Total dimensions of the desk: w 3066 x d 1348 x h 750 mm

Work top

Dimensions: w 2600 x d 1050 x h 45 mm

The edges of the 45 mm thick work top are made out of strips in solid wood.

Two grommets on strategic places (for cable management) have covers in the same finish as the top and an anthracite lacquered frame.

The star-shaped elements guide cables from the electrification space at the back of the pedestal, through the integrated horizontal cable duct in the underside of the desk top, to the credenza.

Pedestal

Dimensions: w 513 x d 1078 x h 580 mm. The borders are in solid wood.

The pedestal is not lockable.

The back compartment of the pedestal functions as a cable space and has a door.

The front of the pedestal has various possible lay-outs:

- 1 hinged door with glass shelf
- 1 pull-out shelf and 2 drawers
- 1 pull-out shelf and 1 A4 filing drawer
- 1 drawer and 1 A4 filing drawer

Credenza

Dimensions: w 1078 x d 513 x h 580 mm. The borders are in solid wood and have glass or veneer side panels.

Each compartment is equipped with a glass shelf.

Front layout: double door, centrally hinged, both lockable with cylinder lock.

Finishes

EK European oak veneer

- top in oak veneer with solid ash edges
- pedestal and credenza with carcass in oak veneer and frames in solid oak
- credenza with glass shelves/glass side panels in blue glass

EZ black lacquered ash veneer

- top in black lacquered ash veneer with black lacquered solid ash edges
- pedestal and credenza with carcass in black lacquered ash veneer and frames in black lacquered solid ash
- credenza with glass shelves/glass side panels in opal glass

SW satin walnut veneer

- top in satin walnut veneer with solid ash edges
- pedestal and credenza with carcass in satin walnut veneer and frames in solid ash
- credenza with glass shelves/glass side panels in red glass

F1 lily white Fenix HPL / F4 black Fenix HPL

- top in Fenix HPL with solid ash edges
- pedestal and credenza with carcass in Fenix HPL and frames in solid ash
- credenza with glass shelves/glass side panels in opal glass

STORAGE UNITS

4 types

Low storage unit d.513 x h.835mm, with 4 doors w.1811 mm or with 6 doors w.2705 mm
High storage units d.513 x h.1603 mm, with 4 doors w.1811 mm or with 6 doors w.2705 mm

Lay-out

A storage unit with 4 doors has a central compartment with lockable double hinged doors and on both ends a half compartment with a hinged door both at the front and at the back side of the storage unit.
A storage unit with 6 doors has 2 central compartments with lockable double hinged doors and on both ends a half compartment with a hinged door both at the front and at the back side of the storage unit.
The half compartments each have 1 (low unit) or 2 (high unit) glass shelves.
The doors of the half compartments are not lockable.
The back of the storage unit is identical to the front so the storage unit can be used freestanding in a room. At the back side the half compartments have a door, the central compartments have a fixed back. The sides have a frame in solid wood and a panel in HPL, veneer or in colored glass.

Finish

EK European oak veneer

- carcass in oak veneer with solid oak edges
- interior central compartment(s) in lily white melamine
- half compartments with blue glass shelves
- half compartments with either oak veneer side panels or blue glass side panels

- black Fenix HPL with interior central compartment(s) in black melamine
- half compartments with opal glass shelves
- half compartments with either Fenix HPL side panels or opal glass side panels

FENIX HPL

FENIX NTM® is a super opaque nanotech material. It combines elegant aesthetic solutions with state-of-the-art technological performance. The external surface of FENIX NTM® involves the use of nanotechnology that allows thermal healing of superficial micro-scratches. FENIX NTM® has low light reflectivity, is anti-fingerprint and features a very pleasant soft touch. It is highly resistant to scratches, abrasion, rubbing and dry heat. It significantly reduces the bacterial load making its surface hygienic and easy to clean. It is also liquid repellent and mould-proof.

General Information

This price list is valid as from 1st January 2021. It supersedes and replaces all previous price lists.

Images and descriptions in all catalogues and price lists are for reference only. Variations in structure and color may occur.

Bulo may change prices and/or change specifications of products and/or take products out of collection at any time.

Orders are accepted definitively as soon as they are confirmed in writing. Cancellations by the client are not accepted, barring certain exceptions agreed by Bulo within 5 working days.

DELIVERY COSTS

For small spare parts that can be sent in an envelope or small package, a transport- and administration cost of 30 Euro will be charged for delivery in Belgium and 40 Euro for delivery in Belgium's neighbouring countries. For other countries the shipment costs depend on the delivery address.

For orders less than 1500 Euro net excl. VAT, a transport cost of 100 Euro excl. VAT, will be charged for deliveries inside Belgium unless other, previously made agreements already apply.

For orders less than 1500 Euro net excl. VAT, a transport cost of 250 Euro excl. VAT will be charged for transport to Belgium's neighbouring countries unless other, previously made agreements already apply.

For orders outside of Belgium and its neighbouring countries, transport is ex-works unless other, previously made agreements already apply.

Orders exceeding 1500 Euro net excl. VAT are delivered free of charge in Belgium.

For all other countries delivery is ex-works, unless other, previously made agreements already apply.

UPHOLSTERY

Bulo carefully selected their standard materials and fabrics. If the customer wants to use materials outside of the standard collection, Bulo reserves the right to test COM or COL before accepting the order, and if not suited as upholstery to refuse the order. In case a sample chair needs to be produced to test the suitability of the COM or COL, this will be done in consultation with and after agreement of the client prior to production. The sample chair will be charged to the client.

Leather is a precious and valuable product. No two are alike. A variety of markings like healed scars and abrasions may be visible and are not considered defects but rather add to the character of the piece, reflecting its history. All leather will stretch and form comfort creases as a result of being sat on. The effect is called puddling. Puddling occurs from the initial use period and generally does not continue beyond this, as the amount of stretch is directly related to the amount of compression. Puddling is not a fault with the leather; rather it is a good indication of quality manufacturing as large pieces of leather are used. The creases do not diminish the quality of leather upholstered furniture. It is a natural process.

Climate affects fabric just as it does wood. Heat, cold, humidity and sunlight contribute to fabric instability.

Jewelry, silverware, even a sharp pencil can mar the upholstery. It's important to keep sharp objects away from your furniture.

GUARANTEE

Bulo products are under guarantee for a 2 year period for manufacturing defaults following the date of delivery.

Each Bulo product has been manufactured with exceptionally high quality materials and with the greatest possible care. The product leaves the factory only after a thorough quality control. Should in spite of our control a material- or production fault occur, Bulo will exchange or repair the product or provide the necessary replacement parts, corresponding to the delivery conditions valid at the time the delivery of the product occurred.

This guarantee is valid on the sole condition that the care and maintenance instructions were correctly applied and the products have been used in regular fashion. Defaults that occur due to injudicious use are exempt from the guarantee.

We point out that wood is a natural material. Under the influence of light a discoloration of the original (or natural) wood colour occurs (ask Bulo or your Bulo partner for explanation and advice). Extremely important for the condition of the wood is maintaining the relative humidity as constant as possible (approx. 60%) to avoid drying, and with it shrinking, of the wood.

Appealing to the Bulo guarantee for manufacturing defaults is possible within the guarantee period that starts from from the date of delivery to the first owner or at the latest from 30 days after delivery of the goods to the Bulo dealer. Application on the guarantee can be directed either to Bulo or to your Bulo dealer, only on presentation of the invoice. Bulo or your Bulo dealer will take care of the complaint.

Specific exclusions :

- Excessive wear and tear is not covered by the guarantee.
- Damages occurred through improper use or incorrect maintenance are exempt from the guarantee.
- Indirect damages following a possible defect, such as loss of income, etc... are not covered by the guarantee.
- Repairs on the product or upholstery executed without written consent from Bulo are exempt from the guarantee.
- The guarantee does not apply on leather and fabric upholstery, gaslifts and castors, for which a 1 year guarantee applies.
- Materials that are not part of the standard Bulo collections, used on explicit instructions of the buyer, are not covered by the guarantee.
- Damage caused during onwards transport or improper storage of the product or damage caused by accident are exempt from the guarantee.
- Color variations; while every effort is made to ensure parity of color, Bulo can't guarantee an exact color match in any painted or wood finish or guarantee against commercial variance in fabrics, especially on repeat orders
- Natural product changes, due to aging, exposure to light and naturally occurring markings, scarring and wrinkles in leather. These are not covered by the guarantee.
- damages to the shell and/or upholstery of the Tab Chair due to impact caused by the user

For products or parts that Bulo procures with third parties Bulo applies the same guarantee as the guarantee conditions that Bulo receives from the supplier, with a minimum of 12 months.

DAMAGED GOODS

Bulo guarantees that products are in impeccable condition when leaving the warehouse in Mechelen, Belgium.

Reports of damaged goods are only accepted when compliant to the below conditions:

- When accepting a Bulo delivery the client inspects and takes photographs of the packaged goods prior to moving or unpacking them.
- Visible transport damage or loss MUST be noted on the carrier's CMR consignment note. This must be reported to the carrier and to Bulo in writing within 24 hours following the delivery, accompanied by photographs taken at the moment of delivery as described above and a copy of the CMR consignment note.
- Invisible damage or loss must be reported to the carrier and to Bulo in writing within 7 calendar days following the delivery, accompanied by at least 1 detailed photograph of the damage, 1 photograph of the whole damaged packaging and photographs taken at the moment of delivery as described above.
- Damage to goods inside damaged packaging needs to be reported to Bulo within 48 hours after receipt of the goods, accompanied by at least 1 detailed photograph of the damage, 1 photograph of the entire product and photographs taken at the moment of delivery as described above.
- Damage to goods inside undamaged packaging needs to be reported to Bulo within 7 calendar days after receipt of the goods, accompanied by at least 1 detailed photograph of the damage, 1 photograph of the entire product and photographs taken at the moment of delivery as described above.

DELIVERY CONDITIONS OUTSIDE BELGIUM

When delivery ex-works, the liability for the goods is transferred from Bulo to the buyer from the moment the goods have left Bulo's warehouse. We advise ex-works customers to insure products during transport.

For delivery to a warehouse, the client will provide a warehouse address that complies with the following conditions: easy access route and ample parking space for a truck with a 13,6 m long trailer. The truck will be without tailgate lift unless otherwise agreed by Bulo beforehand. A forklift truck has to be on site, as well as personnel to offload and take the goods inside. Installation and waste disposal not included. Delivery during regular working hours.

Delivery to a private house always in consultation with Bulo, subject to an upcharge.

RETURN OF GOODS

Returned goods are not accepted unless the sender has received written consent and despatch instructions from Bulo.

PCON

In case of a price anomaly between pCon and this price list, it's the price in this price list that is valid and that will be charged.
