Orders are accepted definitively as soon as they are confirmed in writing. Cancellations by the client are not accepted, barring certain exceptions agreed by Bulo within 5 working days.

DELIVERY IN BELGIUM

For small spare parts that can be sent in an envelope or small package, a transport- and administration cost of 30 Euro will be charged for delivery in Belgium.

For orders less than 1500 Euro net excl. VAT, a transport cost of 100 Euro excl. VAT, will be charged for delivery in Belgium.

DELIVERY CONDITIONS OUTSIDE BELGIUM

For small spare parts that can be sent in an envelope or small package, a transport- and administration cost of 40 Euro will be charged for delivery in Belgium's neighbouring countries (excl. UK). For UK and other countries the shipment costs depend on the delivery address. Contact us for a shipment quotation.

For orders with delivery address outside of Belgium, transport is ex-works (incoterm). However, a delivery by Bulo is possible in which case the transport costs will be charged, based on volume and delivery address, with a minimum of 180 Euro, excl. VAT. Contact us for a shipment quotation.

When delivery ex-works, the liability for the goods is transferred from Bulo to the buyer from the moment the goods have left Bulo's warehouse. We advise ex-works customers to insure products during transport.

For delivery by Bulo to a warehouse, the client will provide a warehouse address that complies with the following conditions: easy access route and ample parking space for a truck with a 13,6 m long trailer. The truck will be without tailgate lift unless otherwise agreed by Bulo beforehand. A forklift truck has to be on site, as well as personnel to offload and take the goods inside. Installation and waste disposal are not included. Delivery during regular working hours. Delivery to a private house always in consultation with Bulo, subject to an upcharge.

In case Bulo is requested to deliver to the UK, Bulo can only offer transport on DAP basis (incoterm). Contact us for a shipment quotation.

UPHOLSTERY

Bulo carefully selected their standard materials and fabrics. If the customer wants to use materials outside of the standard collection, Bulo reserves the right to test COM or COL before accepting the order, and if not suited as upholstery to refuse the order. In case a sample chair needs to be produced to test the suitability of the COM or COL, this will be done in consultation with and after agreement of the client prior to production. The sample chair will be charged to the client.

Leather is a precious and valuable product. No two are alike. A variety of markings like healed scars and abrasions may be visible and are not considered defects but rather add to the character of the piece, reflecting its history. All leather will stretch and form comfort creases as a result of being sat on. The effect is called puddling. Puddling occurs from the initial use period and generally does not continue beyond this, as the amount of stretch is directly related to the amount of compression. Puddling is not a fault with the leather; rather it is a good indication of quality manufacturing as large pieces of leather are used. The creases do not diminish the quality of leather upholstered furniture. It is a natural process.

Climate affects fabric just as it does wood. Heat, cold, humidity and sunlight contribute to fabric instability.

Jewelry, silverware, even a sharp pencil can mark the upholstery. It's important to keep sharp objects away from your furniture.

WOOD IS A NATURAL MATERIAL

We point out that wood is a natural material.

Under the influence of light a discoloration of the original (or natural) wood colour occurs (ask Bulo or your Bulo partner for explanation and advice). Extremely important for the condition of the wood is maintaining the relative humidity as constant as possible (approx. 60%) to avoid drying, and with it shrinking of the wood.

Our veneer samples are made from another tree than the veneer for the final product. This means that the veneer for the final products can deviate in color and design from our veneer samples.
